The School Board election is on Monday afternoon, between 3 and 6 p. m., at the Court House.

Let the Republican majority this spring be the largest ever given in the town and township. Such a result will help us in the fall campaign.

The nominees of the Republican party for every office, from the highest to the lowest, in this city are good men and true Republicans. There is not the least reason why any Republican should vote against any man nominated.

We are pleased to announce that Judge Meek withdraws his name as an independent candidate for mayor. In so doing the Judge maintains his allegiance to the party and owns the road for a combined Republican effort.

John Johnson, one of the Republican candidates for Council, is a representative colored man. He was for many years the chief manager of Colonel Trimble's farm and enjoyed the confidence of the Colonel in a high degree. He should receive a handsome majority.

THE REPUBLICAN TICKET OF PENN TOWNSHIP

is composed of good citizens and should command a large majority without a struggle.

Mr. Harman's conduct as Mayor has made the public to recognize his legal ability. Cases frequently arise which require a knowledge of law and citizens should think well before they cast a vote for the opposing candidate who has little or no skill in that regard, in preference to a man whose character is established.

The motto of the Democrats in the Legislature is, "Delay." When the House Committee on Privileges and Elections made its report last week the Democratic Representatives argued and begged for time. It is so all the time. Whenever an attempt is made to investigate Democratic frauds the way is blocked by Democratic objections.

The gain made by the Republicans in this county can be held if the lines are closely drawn this spring in every precinct. Let every true Republican stand up for the candidates of the party and not be induced to vote for Democrats on any ground of expediency. Remember that demoralization and disorganization in the spring often means defeat in the fall.

The Republican nominees for Board of Education are Clarence M. Overman and Milton McKeehan. They are two of our most prominent business men and have made honest and efficient members of the Board. They should receive the vote of every true Republican, as well as the support of all who are interested in the best welfare of the schools.

Speaking of brilliant editorials we are forcibly reminded of Judge Dittie's scholarly eulogium on Pierre's Golden Medical Discovery to be found in the second column of the editorial page in last week's *Guardian*. The alleged quotation from Pope, "Man's inhumanity to woman makes countless thousands mourn," is apt, and evinces a wide exploration of the literary field.

Dr. A. G. Byers, of the State Board of Charities upholds the bill to abolish infirmaries. He says they are a nuisance entailing unnecessary expense and that their work, in most cases, would be done better and with less cost by the County Commissioners. The Doctor may have been drawing deductions from observation of the Infirmary Directors in Hamilton and Clermont counties.

Grand Master Workman Powderly has his hands full and then some. The Knights throughout the country have proved themselves whimsical and unruly and the attempt to govern such a medley mass is fraught with vexations. He has issued a circular calling upon all members of the organization to refrain from strikes and boycotts and yet both flourish and extend. He insists if his advice is not heeded his resignation must be accepted.

The Clermont *Courier* has an article on "Low Neckedness" in which it accuses Mrs. Elizabeth Cady Stanton and advocates that the limit of vision be extended as near the waist-line as practicable. Dress is entirely a custom but if there is any immodesty in nudity, the wholesale display of busts and bare arms and beautiful charms is decidedly improper. So far as health is concerned, pink tights peeping through dim clouds of white netting would be preferable to leaving any bosoms and dazzling busts exposed to drafts of cold as well as to critical gaze.

The discussion concerning use of ballot-boxes for Justices of the Peace at elections is settled by the following section from the revised statutes, which has not been amended. Under the law, only one ballot-box and one set of judges and clerks are necessary.

SECTION 2930. When an election for State, county and township officers, or any of them, takes place on the same day it shall be held by the same judges and clerks of election and the names of candidates for all of such offices shall be upon the same ballot; and when an election for State, county, municipal, township officers, or any of them, takes place on the same day, it shall be held by the same judges and clerks of election and the names of candidates for such offices shall be upon the same ballot, except that in a municipal election, the limits of which are not co-extensive with the limits of the township, there may be separate ballots and ballot boxes, and separate judges and clerks of the election, for municipal officers.

The municipal convention held by the Republicans at the Court-house on Monday of last week was remarkable for its numbers and enthusiasm. Nearly the whole Republican strength in the corporation was out at the convention. The Republicans are all well satisfied with their ticket and there is no kicking or dissatisfaction whatever in their ranks as stated by the *Guide*. Mr. Harman, the nominee for Mayor, received a majority of the votes cast at the primary, or more votes than both of his competitors. And he will be elected by a like overwhelming majority over any and all opposition. The citizens of the town, without regard to party affiliations, owe it to themselves as well as to him to see that he is so elected, for his administration of municipal affairs during his present term has been clear and respectable and economical, and he has turned more money into the public treasury by the prompt collection of fines, licenses, etc., than any of his predecessors ever did. He will be elected. The long service of James Lyle on the police force has made every voter in the corporation acquainted with his courage and superior qualifications for the office of Marshal. There is no kicking about Jim's nomination, and his defeated opponents are working for him with as much zeal as the rest of the Republicans. The whole ticket will be elected by a rousing majority. Every man on it is a first-class man.

DODSONVILLE.

March 27th, 1886.
Born—To Mr. and Mrs. Oren Stump, a girl, Chas. Conrad visited friends in Fayetteville Tuesday.

Dr. D. H. Conrad is preparing a book for publication, entitled "The Man of Science." We understand the subscription list is now open. The book will be published by Owsenbrow Bros., of this place.
John D. Tiedrick, our genial groceryman, though not a contributor to the free-lance fund, has resigned his position as clerk in M. C. School, and is now engaged in the business of a grocery store south of town and will spend the coming summer looking-on the fence to watch the corn grow.

On Friday morning the citizens of our usually quiet village, were startled by the cry of fire. They rushed into the streets and found the residence of Mr. Riley Michael ignited. The ladies of the village were promptly notified and succeeded, after a hard battle, in extinguishing the flames. Cause of the blaze was, as usual, a defective stove.

The M. E. Sabbath School board met on last Sabbath, and elected officers and teachers for the ensuing year; but on canvassing the returns found that there had been more votes cast than there were members of the board present and hence there was no election. The President gave notice of a new election to take place on the 4th of April.

SINKING SPRING.

March 27th, 1886.
Mrs. Caroline Toner is visiting relatives in Ross county.

Three bags returned from Washington C. H. Saturday.
Mrs. Geo. Eubanks, living four miles from the Springs, is dangerously ill.
